It was **resolved**, with no votes to the contrary, that the Minutes of the meeting held on Thursday 27th June 2024 be approved as a correct record.

2409/43 **Signage**
Members had requested that an item be placed on the Agenda to consider the signage on the site in relation to dogs and dog fouling. Members were extremely concerned about the health implications of owners not picking up after their dogs on a sports facility. After discussion it was resolved, with no votes to the contrary, to highlight through the signage on site the health risks of dog poo including toxocaraiasis and to alter all signage to say that dogs must be on leads at all times. It was further agreed to speak to the dog warden about the possibility of adding the site to a Public Space Protection Order and to place this item on the next Agenda for consideration.

2409/44 **Completion of Building**
Members were informed that the planning application had been submitted, however, NDC is currently five weeks behind with registering planning applications.

The meeting ended at 12.27pm
