2411/31 **Housing Crisis**

Cllr Walker had requested that the wording of the Housing Crisis Declaration be looked at following the use of it by Developers against the Parish.

Members felt that the following paragraph in the declaration was being used in the wrong way and discussed how the parish can deliver affordable housing without large scale developments.

“Fremington Parish Council requests that North Devon Council apply their target of 30% affordable housing on larger developments. This should include:

- Social housing
- Affordable housing to purchase
- Shared ownership”

Cllr Haywood left the meeting at 10.47am.

Members expressed that we have a housing crisis which needs to be tackled at a higher level and by Government through its support for building affordable housing as their own units/estates.

After much discussion it was agreed to alter the wording of the paragraph to the following and submit this to the Environment and Community Committee for agreement:

“As the capacity of the area for large development has reached saturation point, Fremington Parish Council working with North Devon Council should lobby the government to obtain funding to support our community. This should include:

- Social housing
- Affordable housing to purchase
- Shared ownership”

The meeting closed at 11am
