

## Tomlin Hall Parish Report 2024-55

The day today function of the Hall in terms of regular bookings and income has remained steady relative to the preceding year. The Hall continues to balance its books. Superimposed on the day-to-day, the issue of replacement or renovation rumbles on. A considerable amount of money from the Hall reserves has been used on surveys and a planning application. The latter was successful, however the tendering process indicated that the funds anticipated to be available to the Hall would not be sufficient to put the plans into action. Other options are under consideration.

Marc Binns

Chair Tomlin Hall
